WELCOME TO Stamford Dental Arts

Located in Stamford, Connecticut, Stamford Dental Arts is a family-friendly dental practice with multiple specialists who can care for every member of your family in one convenient location. Patients of Stamford dental office travel from Norwalk, Greenwich, Darien, and further, to see us.

Dr. Modiri and Dr. Moghadam are experts in dentistry and stay abreast of the latest advances in dental technology including Platinum-level Invisalign treatment, implants, oral sedation, soft tissue laser technology, and cosmetic reconstruction dentistry.

Dentists in Stamford devotes hundreds of hours each year and travels the world to further our knowledge of dentistry, and we believe that a healthier mouth equals a healthier body. It's the latest knowledge and technology that makes our patient experience more sophisticated, pleasant, and efficient.

INVISALIGN

Clear aligners

The world's most advanced clear aligner.

Explore the world's most advanced technology that ensures your smile transformation is a comfortable, predictable and efficient experience.

Dental Implants

Tooth decay, injury, trauma as well as infections and various diseases lead to tooth loss and with the passage of time, it begins to affect the other teeth too. A dental implant is the best way to restore your self-esteem and confidence if you are missing one or more teeth that undermine your overall appearance.

Preventive Dentistry

According to our Stamford dentists, a little bit of tooth decay or gum disease always leads to a little bit more. The outcome of these untreated problems inevitably becomes pain, emergency treatment, and tooth loss.

Cosmetic Dentistry.

Cosmetic dentistry helps many more than those just concerned with their appearance. In fact, most cosmetic dentistry procedures offered by your nearby dental team at Stamford Dental Arts repair and restore your teeth to their optimum health.
